one of the most powerful of the seth books this essential guide to conscious living clearly and powerfully articulates the furthest reaches of human potential and the concept that we all create our own reality according to our individual beliefs having withstood the test of time it is still considered one of the most dynamic and brilliant maps of inner reality available today the seth books present an alternate map of reality with a new diagram of the psyche useful to all explorers of consciousness deepak chopra seth was one of my first metaphysical teachers he remains a constant source of knowledge and inspiration in my life marianne williamson i would like to see the seth books as required reading for anyone on their spiritual pathway the amazing in depth information in the seth books is as relevant today as it was in the early 70s when jane roberts first channeled this material louise hay

from the bestselling author of *seth speaks* in september 1984 the voice that had spoken for one of the most profound and prolific metaphysical teachers of the 20th century fell silent seth the entity who described himself as an energy personality essence no longer focused in physical matter had spoken exclusively through jane roberts since 1963 during the long illness that led to her death jane continued to channel seth from her hospital bed but this final work was left unfinished now in the way toward health jane s husband robert butts shares with us the intimate story of jane s final days and the exquisite teachings that seth gave during that time in an examination of the miracle of life in a human body seth speaks about why medicine and therapy often perpetuate illness how the practice of naming diseases can work against us the influence of religion in creating disease how children s health is influenced by parents beliefs humor as an effective factor in healing includes 8 page photo gallery do not think of the mind as a purely mental entity and of the body as a purely physical one instead think of both mind and body as continuing interweaving processes that are mental and physical at once your thoughts actually are quite as physical as your body is and your body is quite as nonphysical as it seems to you your thoughts are you are actually a vital force existing as a part of your environment and yet apart from your environment at the same time jane roberts speaking for seth in the way toward health

the words of seth the personality channeled through jane roberts show readers that they possess hidden powers within themselves that have the potential to transform their lives by learning to control their own experiences they can create a new fulfilling reality

from the bestselling author of *seth speaks* and the nature of personal reality in this second volume of the unknown reality seth radically expands our conceptions of self by showing us that the human personality is literally infinite in its scope and potential he discloses precisely how probable realities combine to create our waking lives and how our higher selves make decisions regarding our everyday existence in a far reaching exploration of the dynamics of desire and free will he asserts that each atom molecule and cell has its own consciousness and powers of choice with humor and simple analogies seth leads us beyond our ordinary level of awareness into a spectacular discovery of the multidimensional nature of the self including consciousness units as the basis of our universe the relevance of extrasensory perception in understanding our world the worlds we visit in dreams and out of body states dreaming as a science to create present and future realities families of consciousness we choose to belong to practical methods for exploring your own unknown reality there is an unknown reality i am part of it and so are you each individual is a part of the unknown reality to explore the unknown reality you must venture within your own psyche travel inward through invisible roads as you journey outward on physical ones i hope that in this book the reader can see the greater dimensions that touch ordinary living and sense the psyche s greater magic jane roberts speaking for seth

seth speaking exclusively through jane roberts reveals a startling new concept of self answering questions about the secret language of love human sexuality the

real origins and incredible powers of dreams and how we choose our physical death sometimes years in advance for the first time seth explains why love is the basic language from which all others spring the bisexual nature of humanity and its biological and spiritual importance the true basis of homosexuality and lesbianism along with their private and social effects the benefits of recalling our dreams and consciously participating in them how dreams can prevent chronic illnesses by providing important therapeutic information simple exercises you can do to expand your awareness of the deeper portions of your psyche and stretch your abilities to their fullest potential the psyche is a gestalt of aware energy in which your own identity resides inviolate yet ever changing as you fulfill your potentials you are your psyche s living expression its human manifestation yet you allow yourselves often to become blind to brilliant aspects of your own existence jane roberts speaking for seth

in this brand new volume of original material seth invites us to look at the world through another lens a magical one seth reveals the true magical nature of our deepest levels of being and explains how we have allowed it to become inhibited by our own beliefs and conventional thinking the magical approach teaches us to live our lives spontaneously creatively and according to our own natural rhythms it helps us to discover and tune into our natural instinctive behavior by applying the principles in this book readers will learn to trust their impulses and discover the highest expression of their creativity

in this first volume of dreams evolution and value fulfillment seth takes us on an odyssey to identify the origins of our universe and our species he asserts that consciousness units form the basis of all energy and matter and charts a conscious self aware universe that is constantly recreated by our own thoughts dreams and desires illuminating the part that humans play in the greater scheme of things he suggests that we are alive not only for the continuation of the species but to add to the very quality of life itself other fascinating topics include the role dreams play in the creation of language and technology the relationship between genetic heritage and reincarnation how creativity provides a link with the source of all existence the true power of the imagination and the importance of broadening its scope a discussion of value fulfillment or the yearning to enhance the quality of life as a fundamental desire in all life forms stimulating and provocative this long awaited book answers crucial questions about the entire significance of seth s system of thought while chronicling the worsening health problems that led to the death of jane roberts when i speak of the dream world i am not referring to some imaginary realm but to the kind of world of ideas of thoughts of mental actions out of which all form as you think of it emerges in actuality this is an inner universe rather than an inner world your physical reality is but one materialization of that inner organization jane roberts speaking for seth

inspired by jane roberts own experiences as the author of the immensely popular seth books these three novels now collected in one volume are one of the most imaginative tales ever written jane roberts beloved character oversoul seven an ageless student of the universe explores the entire framework of our existence as

we follow seven's education our own beliefs about life death dreams time and space are challenged and stretched leaving us with a refreshing and provocative perspective on the true nature of reality in the education of oversoul seven seven explores the true nature of his being as he learns to communicate with four of his incarnations four all too human people whose lives are separated by centuries yet who also coexist in the further education of oversoul seven the adventure continues with seven facing new lessons as his human incarnations struggle with the problems of sanity free will and even godhood in the third saga of this exuberant adventure oversoul seven and the museum of time seven is instructed to take up residence in a human body while also journeying to the museum of time in search of the codicils the codicils are eternal truths that bring about the greatest opportunities for vitality understanding and fulfillment the adventures of oversoul seven are at once an intriguing fantasy a mind altering exploration of our inner being and a vibrant celebration of life
